

Joshua Kirk

Web Developer, Ballarat VIC

E: joshkirk@live.com.au | P: 0423 246 383 | [LinkedIn](#)

Skills

Front-End Web Development: Proficient in front-end web development using HTML, CSS, and JavaScript, with a strong emphasis on creating engaging and user-friendly interfaces. Skilled in implementing responsive designs, optimizing page performance, and ensuring cross-browser compatibility.

Frameworks and Libraries: Experienced in utilizing frameworks and libraries such as Angular, TypeScript, and jQuery to enhance front-end development workflows and build scalable and interactive web applications.

User Experience (UX): Knowledgeable in UX principles and best practices, ensuring seamless user interactions and intuitive navigation through effective layout, typography, and visual design choices.

Experience

Mar 2021 – Present

Kyndryl, IBM | Ballarat, VIC

z/OS Systems Programmer

- Maintain and manage the Asia-Pacific software repository, ensuring smooth operations and availability of products.
- Utilize SMP/E to perform comprehensive maintenance tasks, including installation, customization, and upgrades of IBM and ISV software.
- Develop advanced web applications using HTML5, CSS3, TypeScript, JavaScript, and AngularJS, leveraging their capabilities for enhanced user experiences and efficient data handling.
- Employ Agile and DevOps methodologies to drive project execution, promoting collaboration, iterative development, and continuous integration and delivery.
- Automate various tasks by harnessing the power of Microsoft Power Automate, Excel, and APIs, streamlining workflows and increasing productivity.
- Contribute to the development of globally-utilized tools, leveraging expertise in z/OS systems programming and web application development.
